

Erasmus Intensive Programme

IPEAI -

The Intensive Programme on Embedded and Ambient Intelligence

18 July - 1 August, 2009

Kiel, Germany

TOPICS OF INTEREST

The IP will cover topics in the areas of Embedded Systems and Ambient Intelligence.

AIMS AND OBJECTIVES

The IP "Embedded and Ambient Intelligence" is directed to final year bachelor degree students and to master degree students. It will enhance the education of undergraduate students and introduce new research areas and stimulate research ideas and projects to students that are interested in graduate studies and research.

OFFICIAL LANGUAGE

The official language of the intensive programme is English.
