Study Program in Architektur (B.A.)
Curriculum V1 (from Winter Semester 2023/24)

1. Semester	Architectural Design I	Structural Design I	Building Construction I	Building Materials	History and Theory of Architecture and Cities I	Visual Communication in Architecture I (Freehand Drawing) (5 LP)	Electives - Interdisciplinary Topics participation possible from on 1. Sem.
30 LP	(5 LP)	(5 LP)	(5 LP)	(5 LP)	(5 LP)	(5 LP)	
2. Semester	Architectural Design I	Structural Design II	Building Construction II	Building Physics	Architectural Analysis I	Visual Communication in Architecture II (CAD 2D) (5 LP)	
30 LP	(5 LP)	(5 LP)	(5 LP)	(5 LP)	(5 LP)	(5 LP)	
3. Semester	Project I (Architecture)		Building Construction III	Building and Planning Law I	Architectural Analysis II	Visual Communication in Architecture III (3D CAD) (5 LP)	
30 LP	(10 LP)		(5 LP)	(5 LP)	(5 LP)	(5 LP)	
4. Semester	Project II (City)		Building Technology I	Construction Management	Urban and Regional Planning	Visual Communication in Architecture IV (BIM) (5 LP)	
30 LP	(10 LP)		(5 LP)	(5 LP)	(5 LP)	(5 LP)	
5. Semester	Project III (Konstruktion)		Building Technology II	Project Management I	History and Theory of Architecture and Cities II	Visual Communication in Architecture V (Visual / Verb. Communication) (5 LP)	
30 LP	(10 LP)		(5 LP)	(5 LP)	(5 LP)	(5 LP)	
6. Semester	Compulsory Internship (Architecture) + Report						
30 LP	(30 LP)						
7. Semester	Project IV (Free Project)		Electives from Topics („Schwerpunkte“)*				
30 LP	(10 LP)		(4 x 5 LP = 20 LP)				
8. Semester	„Stegreife“ (Sprint Exercises)	Thesis			Colloquium		(10 LP)
30 LP	(5 LP)	(12 LP)			(3 LP)		

White = General Compulsory Modules (1. - 8. Sem.)

Grey = min. 4 Electives (with 5 LP) from selected topics („Schwerpunkte“)*, according to § 3 Abs.1 Satz 5 PVO

Orange = Electives „Interdisziplinäre Topics“ counting for 5 LP, according to § 4 Abs. 2 PVO

Topics („Schwerpunkte“):

- **Green Building:** „Sustainable Planning and Building“, „History and Theory of Sustainable Planning“, „Selected Topics in Green Building“, „Green Building - Project Work“
- **Timber Construction:** „Building Construction IV (Timber Construction)“, „Constructing and Designing with Timber“, „Selected Topics in Timber Construction“, „Timber Construction - Project Work“
- **Digital Planning und Design:** „BIM“, „Digital Fabrication“, „Selected Topics in Digital Planning and Design“, „Digital Planning and Design - Project Work“
- **Planning, Process and Management:** „Building and Planning Law II“, „Construction Management II“, „Selected Topics in Planning, Process and Management“, „Planning, Process and Management – Project Work“
